## Director's Highlights

### **Signing Up for Events & Activities:**

Effective immediately you will only be allowed to sign yourself and/or spouse for events & activities. You will not be allowed to sign up other residents.

### **Letter from Regan about I.T.:**

I'm often asked by residents if I can help with various issues they're having with computers, phones and other electronic devices. I'd love to help resolve any and all issues that may arise with these devices, but unfortunately many problems that come up require a substantial amount of time to resolve them.

Luckily, we do have a group that comes out from the base on the weekend called iFalcon that are able to take care of some of these issues. There's a binder located in the library you fill out with your information and issues, and iFalcon will come to help. You can also use Touchtown where we recently added an iFalcon module you can fill out.

Issues related to our Wi-Fi service or connectivity issues are what I'll typically handle. If you need assistance with this type of issue, please call or come to the Common's front desk, and they'll put in a support ticket for me to take care of it.

Thank you for your patience & understanding. If you have any questions please feel free to reach out to me.

—Regan Work

If you're shopping Amazon online, please use [smile.amazon.com](https://smile.amazon.com) and add Air Force Enlisted Village as your charity of choice. You can use the search function to find us. A small percentage will be donated to AFEV from eligible purchases.

## Maintenance Notes & Updates

Hope everyone had a wonderful Christmas and looking forward to a Happy New Year!

As the temperatures continue to drop, make sure that your thermostat is set correctly. They should be on “Heat” and in “Auto”, then set to the desired temperature. If it reads “Emer Heat”, you are using electric heat, which will increase your bill. Furthermore, if your air condenser is steaming, it is most likely in defrost mode.

Later this month, I will send out a mass request for bulk trash pickup. After everything is requested, AFEV will schedule a day for pickup.

Project Update: Village 4 roof replacement is complete. Painting and gutter installation is in-progress.

If you have an emergency or urgent request, please do not hesitate to call maintenance during duty hours 7am-5pm at (850)613-2054. If after hours, please call the security team, and they will contact our standby personnel. For routine work, please fill out a maintenance request form and put it in the box located at your village.
