## Maintenance Notes & Updates

Village 4 roof replacement is about 99% complete, just finishing up some small items.

The sidewalk on the west side of the campus is nearly complete. The plan is to continue across from the RV park lot, as well as including more repairs throughout the campus.

Please make sure you are putting your Building/Wing number, along with your unit number, on all Maintenance and Volunteer requests.

Finally, now that warmer weather is approaching, you will see an increase in wildlife activity. Please do NOT feed them. Please remember bird feeders are not allowed on campus per the Resident Policy Manual, page 14, section 21. It attracts rodents and other wild animals including bears.
